

20 YEAR GUARANTEE – Eaves Comb Filler

Blue Building Solutions Ltd. (BBS) guarantees that Eaves Comb Filler supplied by BBS will retain their mechanical function for a period in excess of 30 years, under natural conditions, from the date of purchase. Provided the Eaves Comb Filler are installed in accordance Design & Specification Guides supplied by BBS.

BBS guarantees Eaves Comb Filler under the following terms & conditions:

- a. This guarantee is given to consumers as defined in and who have the rights under the Consumer Guarantees Act 1993 and should be read with the statutory consumer guarantees contained in that Act.
- b. This guarantee will apply to defects appearing within 30 years from the date of purchase & where notification of defects is received in writing within 28 Days of the defect appearing.
- c. Guarantees will only be honoured if the BBS products in question were installed, used and maintained in accordance with BBS installation guides all of which are available on www.eboss.co.nz and on the BBS website www.bluebuildingsolutions.co.nz
- d. Guarantees will not apply to damage caused by external physical agents, accidental damage or other Force Majeure.
- e. The sole & exclusive remedy with regard to the above Guarantee is limited to the repair or supply of replacement profiles at BBS' discretion

This guarantee shall be construed and interpreted in accordance with New Zealand Law and shall be subject to the jurisdiction of New Zealand Courts only.

This Guarantee does not affect the statutory rights of consumers.

Control of Condensation in Buildings

Product Information Sheet

Eaves Comb Filler - G1275

Description:

The G1275 Eaves Comb Filler is designed with flexible fingers that adjust to fill the gaps left when using profiled tiles or steel roof cladding, preventing entry of birds and large insects beneath the tiles.

The use of the G1275 Eaves Comb Filler eliminates the need to make or buy expensive purpose made profiled fillers.

Product Benefits

- Prevents entry of birds and nesting insects with the recommended 4mm grille
- 1m lengths for ease of installation
- Profiles to the underside of the roof covering

Fitting Instructions:

The G1275 Eaves Comb Filler should be nailed or screwed to the top of the fascia board through the fixing holes provided along the full length of the eaves and joined where necessary. It can be fixed over a paper support tray if required.
